First Aid in Fair Hill PS

Over the last year we have brought a few new measures in to improve our response to First Aid in Fair Hill PS.

- If your child receives first aid from 19/11/14 he/she will now be wearing a yellow bracelet stating: "your child has received first aid".
- You will then be able to ask your child about the incident at school and take appropriate measures.
- We have a green incident slip which describes a relatively serious incident such as a fall or a cut.
- We have a red incident slip which we have for a clash of heads or fall which we believe could result in concussion. This is generally followed by a phone call for the child to be collected from school.
- If your child feels sick with some dizziness, always be mindful about the chance of concussion.
- Please take the yellow bracelet off as soon as the child is home.
- We try to report incidents that happen in the class and up on the playground but sometimes children fall and do not tell the supervisors. As parents, always question the child about their school day, in case something has happened, which was not picked up by the staff.

Yours sincerely,

J. Brown
